

boyng[®]

The **Saturn**[™] is the Travel Gadget you can't do without! The incredible sound from this uniquely designed easy to use portable travel speaker brightens up each trip you make.

The high-tech gravity switch of this spunky globe kicks in place when it is placed on a flat surface, powering up this powerful speaker. It is this innovative on/off system which makes the **Saturn**[™] out of this world.

Flip it on its back to switch the **Saturn**[™] off and flip it back to switch it on.
