

The HP Difference*

- Play Blu-ray^(16c) movies using the optional built-in Blu-ray drive.
- Make a statement with a streamlined design wrapped in onyx and chrome HP Imprint 2 finish.
- Experience the evolution of award-winning HP Imprint finish now in metallics with matching input devices providing great durability.
- Get a clean frameless look with the optional 17.0" diagonal HP BrightView Infinity display.⁽⁸⁾
- Experience premium audio with built-in HP Triple Bass Subwoofer.
- Expand your storage and back up your data using optional hard drives.
- Create personalized, silkscreen-quality DVD and CD labels with optional LightScribe.^(16a)
- Chat face-to-face or capture video clips using the HP Webcam⁽¹⁵⁾ and integrated microphone.
- Simplify your password management with the optional integrated fingerprint reader.

HP recommends Windows Vista® Business.

Designed for your life

For those who want digital entertainment features and the latest Intel mobile technologies in a stunning design that balances performance and mobility, the HP Pavilion dv7 series Entertainment Notebook PC delivers! Its elegant Mesh Imprint finish helps protect your system.

HP Pavilion notebook PCs help you work faster, connect in new ways and play more.

- **Easy access with optional built-in fingerprint reader.** Using unique fingerprints instead of standard passwords to access online accounts such as banking and e-mail, a fingerprint reader offers greater security and ease-of-use. To set up access, simply assign each fingerprint to a password through the Digital Persona software.
- **Connect with the HP Webcam.** Turn your next instant message into a live video chat with the integrated webcam, omni directional microphone and an IM solution. Optimized for low-light environments, it's great for capturing short videos to share on your favorite social networking site. Personalize your videos with included YouCam software from Cyberlink.⁽¹⁵⁾
- **Enhanced security with hard drive protection.** HP ProtectSmart Hard Drive Protection locks your hard drive into place when it senses abrupt motion to help prevent data loss. The built-in eSATA/USB Combo port enables fast backup to an external hard drive.
- **Personalized disc labels with optional LightScribe.** Create custom laser-etched disc labels right in the drive with LightScribe and preinstalled Cyberlink DVD Suite. Just burn data on the disc, flip it over and burn the cover image using any scanned image and/or text. Visit the LightScribe Web site for more information.^(16d)
- **Photo-ready with 5-in-1 media card reader.** Transfer photos from your digital camera in seconds.
- **Environment matters.** Help conserve energy with this ENERGY STAR® qualified and EPEAT Silver registered system. Its packaging is 100% recyclable and made primarily from post-consumer recycled material. HP is a recognized leader in global recycling with a wide range of convenient consumer options.

Unsurpassed Style

Expanding on the sophisticated elegance of the current line, the new dv series is defined by fluid, modern lines and metalized finishes with surprising innovations inside and out. High-gloss HP Imprint 2 finish in onyx and chrome now encases all surfaces visible during normal use for greater durability. The dv7 series Mesh Imprint features a grid-like pattern for subtle contrast to the liquid appearance of the metallic finish. The streamlined look is enhanced with a color-matched keyboard and touchpad. And touch media controls light up and become visible only when the system is powered on further enhancing the clean appearance. HP's mobile products have won coveted International Red Dot, iF and CES Innovation design awards and been recognized by other leading design institutions.

Mobile Entertainment

Providing more choices than ever, QuickPlay enables access to DVDs, videos, photos, music, karaoke, games⁽²⁵⁾, Internet⁽¹⁵⁾ TV, and streamed or recorded TV (with an optional TV Tuner⁽²⁴⁾) at the touch of a button. Built-in demos show you how to add music to your slide shows or videos with drag-and-drop functionality – and much more. An HDMI port enables you to watch films on an HD TV. Muvee autoProducer makes creating films complete with effects and transitions a snap! Extras include dual headphone jacks, stereo earbud headphones and an HP Mobile Remote Control. It's time to play!

World-Class Support

- One-year limited hardware and software warranty with 24/7 phone support
- Toll-free phone support during warranty @ 1.800.HPINVENT (1.800.474.6836) in the U.S. and Canada; online support for the life of the product by clicking on the "?" icon
- Easy-to-use dashboard for system diagnostics and updates with preinstalled HP Advisor

⁽¹⁾ Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.mspx and www.microsoft.com/windowsvista/getready/capable.mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
^(2a) 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology.
^(2b) Intel's numbering is not a measurement of higher performance. ⁽⁴⁾ GHz refers to internal clock speed of the processor. Other factors besides clock speed may impact system and application performance. ^(4a) Actual bus speed is less. Listed bus speed represents the equivalent effective throughput for data. ^(4b) Dual Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. ⁽⁶⁾ Shared video memory (UMA) uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs. ^(6a) Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided - Version 1.0 media ⁽⁷⁾ 1 GB = 1 billion bytes. Actual formatted

capacity is less. Up to 12GB of system disk is reserved for system recovery software. ⁽⁸⁾ High-Definition content is required to view high-definition images. ⁽⁹⁾ Actual speeds may vary. ⁽¹⁰⁾ Bluetooth is a trademark owned by its proprietor and used by Hewlett-Packard Company under license. ^(10a) The specifications for the 802.11n WLAN are draft specifications and are not final. This may affect the ability of the PC to communicate with other 802.11n WLAN devices ⁽¹²⁾ Weight will vary by configuration. ⁽¹³⁾ Internet access requires payment of additional fees or subscription for use. Special Offers do not include local telephone company charges, if any, or applicable taxes. Any long distance charges incurred will be the responsibility of the customer. ⁽¹⁴⁾ HD DVD movies will only play through QuickPlay software. ⁽¹⁵⁾ Internet access required and sold separately. ⁽¹⁶⁾ Actual speeds may vary. Don't copy copyright-protected materials. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. ^(16a) Actual speeds may vary. Don't copy copyright-protected materials. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. LightScribe creates a monochrome image. LightScribe media required and sold separately. ^(16b) As Blu-Ray is a new format containing new technologies, certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require a DVI or HDMI digital connection and your display may require HDCP support. HD-DVD movies cannot be played on this Desktop PC. ^(16c) LightScribe creates a monochrome

image. LightScribe media required and sold separately. ⁽¹⁹⁾ The Microsoft® Office Student and Teacher Edition 2008 is a trial version; functionality is reduced after 60 days. The full version is sold separately. ^(20a) Up to 12GB of the hard drive is reserved for the system recovery software. ⁽²⁴⁾ Optional items sold separately or as add on features ⁽²⁵⁾ Games may be limited during trial period. Full version games may be purchased at any time. Internet access required and sold separately. Actual product may vary from image shown on datasheet.
